

Optional Year 5 Homework Task – Art/D.T.

Make an ancient Egyptian death mask

You can research how to make an Egyptian Death Mask, and here are some further ideas of materials to use:

Card/Cardboard

Papier maché

Coloured paper strips or coloured sticky tape

Paint

This is an optional task but we would really love to see as many masks as we can! Finished masks may be displayed around the school and there will be an Epraise reward for those who put a lot of effort into their masks!

If you would rather complete a research project, choose an aspect of ancient Egyptian life and make a poster/fact file/PowerPoint.

You can email electronic work to the class emails:
