

### Communication and Language

- Listening to stories – Commotion in the Ocean, The boy who unplugged the sea and non-fiction text about summer.
- Developing narratives in their play with peers
- Learning new vocabulary and facts about the beach, ocean and summer.

### Physical Development

- P.E. lesson learning about games, developing ball skills and working with others.
- Handwriting and letter formation practices
- Developing fine motor skills through everyday play activities

### Literacy

- Listening to stories – Commotion in the Ocean, The boy who unplugged the sea and non-fiction text about summer.
- Talking about different books and what makes a book fiction or non-fiction
- Independent writing about the seaside. Thinking of their own sentences and writing them in a phonetically plausible way.
- Developing phonic knowledge for reading and writing

### Personal, Social and Emotional Development

- Jigsaw PHSE lessons
- Learning to share, take turns and work together in a range of situations
- Learning to always have a go and try new tasks

### Expressive Arts and Design

- Word Music Day – Tuesday 21<sup>st</sup> June
- Listening to and talking about different types of performances and how they make children feel.
- Craft activities linked to summer and the seaside
- Looking at different famous artists who have painted pictures of the sea.

### Understanding the World

- Discussions about the seaside and ocean - what sea life do you find there?
- Science investigations – dissolving and finding out what materials are waterproof
- Looking at past and present holidays to the seaside – what things have changed or stayed the same?

### Maths

- Looking at doubling, halving and sharing.
- Identifying odd and even numbers
- Spatial Reasoning – using shapes and looking at creating patterns.

## On the Beach
