

### ENGAGE

- Go for a walk around school, look how the environment has changed. Look at living things e.g. plants, trees or animals.
- Talk about what we like to do on a sunny day. Discuss clothes we might wear when it is warm and sunny.
- Number trail outside, looking for numbers in the environment.— Provide challenges such as 'can you find five daisies'

### DEVELOP

- Hungry caterpillar story, life cycle of a butterfly.
- Caterpillar song
- Planting sunflowers, runner beans, flowers
- Observational paintings
- Flower phonics
- Sort, count and subitise seeds

### INNOVATE

- Planning a picnic, what will we eat and drink, what games will we play and how will we stay safe in the sun.

# Sunshine and Sunflowers

### EXPRESS

Photograph plants, changes in the garden caterpillars and write observations of the children's thoughts and discussions. Reflect on what has happened to the butterflies.
