
Friday Update

Another great week here at Balliol! The children have taken a great deal of time this week to consider others, how we treat each other, the great things that people do for us and the importance of respect.

Anti-Bullying:

It has been Anti-Bullying week this week and the focus has been 'Choose Respect'. The children have been very thoughtful in sharing their ideas and understanding differences and the importance of respect.

We have also looked at online safety and ensuring that the same level of respect is used in this area as well as what to do if we are worried about anything online.

Please find below some links below from Internet Matters that support this theme. If you would like any advice around E-Safety, please contact the school office or have a look at the information on our website.

Maths week

The children have been working hard and also enjoying the different maths activities, especially in our maths morning. We have been very impressed with some of the problem solving skills as well as the children's multiplication (TTrockstars) skills!

Packed Lunches

Please ensure that there are no nut products in packed lunches, this includes nut spreads in sandwiches. We have several children in school with nut allergies and this can be very dangerous for them.

If you have any questions or queries, please email the school office office@balliolschool.co.uk or call on 01234 300601
