1. Aims

The aims of relationships, sex and health education (RSHE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies
- Supports school ethos and values

2. Statutory requirements

As a maintained primary school we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

However, we are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSHE, we must have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

We must also have regard to our legal duties set out in:

- Sections 406 and 407 of the Education Act 1996
- Part 6, chapter 1 of the Equality Act 2010
- The Public Sector Equality Duty (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Balliol Primary we teach RSHE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSHE
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSHE is about the emotional, social and cultural development of pupils, and involves learning about relationships, changes, healthy lifestyles, diversity and personal identity.

RSHE involves a combination of sharing information, and exploring issues and values.

RSHE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is based on Jigsaw 'Relationships' and 'Changing Me' units

Jigsaw will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Our curriculum focuses on relationships education see overview in appendix.

6.0 Delivery of RSHE

RSHE is taught within the personal, social, health and economic (PSHE) education curriculum and through 'building relationships' in EYFS curriculum. Biological aspects of RSHE are taught within the science curriculum, and other aspects are included in religious education (RE). Sessions will be taught with whole classes or when appropriate girls and boys may be taught separately.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

6.1 Inclusivity

We will teach about these topics in a manner that:

- Considers how a diverse range of pupils will relate to them
- Is sensitive to all pupils' experiences
- During lessons, makes pupils feel:
 - Safe and supported
 - Able to engage with the key messages

We will also:

- Make sure that pupils learn about these topics in an environment that's appropriate for them, for example in:
 - A whole-class setting
 - Small groups or targeted sessions
 - 1-to-1 discussions
 - Digital formats
- Give careful consideration to the level of differentiation needed

6.2 Use of resources

We will consider whether any resources we plan to use:

- Are aligned with the teaching requirements set out in the statutory RSHE guidance
- Would support pupils in applying their knowledge in different contexts and settings
- Are age-appropriate, given the age, developmental stage and background of our pupils

- Are evidence-based and contain robust facts and statistics
- Fit into our curriculum plan
- Are from credible sources
- Are compatible with effective teaching approaches
- Are sensitive to pupils' experiences and won't provoke distress

7. Use of external organisations and materials

We will make sure that any agency and any materials used are appropriate and in line with our legal duties around political impartiality.

The school remains responsible for what is said to pupils. This includes making sure that any speakers, tools and resources used don't undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

We will:

- Make appropriate checks and engage with external agencies to make sure that their approach to teaching about RSHE is balanced, and it and the resources they intend to use:
 - Are age-appropriate
 - Are in line with pupils' developmental stage
 - Comply with:
 - This policy
 - The [Teachers' Standards](#)
 - The [Equality Act 2010](#)
 - The [Human Rights Act 1998](#)
 - The [Education Act 1996](#)

- Only work with external agencies where we have full confidence in the agency, its approach and the resources it uses (For example, Making Me, Mental Health Support Team and NSPCC)
- Make sure that any speakers and resources meet the intended outcome of the relevant part of the curriculum
- Review any case study materials and look for feedback from other people the agency has worked with
- Be clear on:
 - What they're going to say
 - Their position on the issues to be discussed
- Ask to see in advance any materials that the agency may use
- Know the named individuals who will be there, and follow our usual safeguarding procedures for these people
- Conduct a basic online search and address anything that may be of concern to us, or to parents and carers
- Check the agency's protocol for taking pictures or using any personal data they might get from a session
- Remind teachers that they can say "no" or, in extreme cases, stop a session
- Make sure that the teacher is in the room during any sessions with external speakers
- Share all external materials with parents and carers

We won't, under any circumstances:

- Work with external agencies that take or promote extreme political positions
- Use materials produced by such agencies, even if the material itself is not extreme

8. Roles and responsibilities

8.1 The governing board

The governing board has approved this policy and will review annually.

8.2 The Headteacher

The headteacher is responsible for ensuring that RSHE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSHE (see section 9).

8.3 Staff

Staff are responsible for:

- Delivering RSHE in a sensitive way
- Modelling positive attitudes to RSHE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSHE

Staff do not have the right to opt out of teaching RSHE. Staff who have concerns about teaching RSHE are encouraged to discuss this with the headteacher and RSHE coordinator.

8.4 Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with respect and sensitivity.

9. Parents' right to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory components of sex education within RSHE. At Balliol we DO NOT teach any of the non-statutory elements.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher. A meeting will then be arranged with the headteacher to discuss the request and any implications, next steps agreed and logged on the request form.

Alternative work will be given to pupils who are withdrawn from sex education.

10. Training

Staff are trained on the delivery of RSHE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or health professionals, to provide support and training to staff teaching RSHE.

11. Monitoring arrangements

The delivery of RSHE is monitored by RSHE and PSHE coordinator through:

- Learning walks
- Planning and work scrutiny
- Pupil and staff interviews

Pupils' development in RSHE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by headteacher annually.

Appendix 1: Curriculum map

Relationships and sex education curriculum map – based on Jigsaw ‘Relationships’ and ‘Changing me’ units

Changing Me

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within the Changing Me Puzzle (unit of work) including the key vocabulary used in each year group and suggestions for Family Learning.

C M	Knowledge	Social and Emotional Skills	Questions for Family Learning
--------	-----------	-----------------------------	-------------------------------

Ages 3-5

- Know the names and functions of some parts of the body (see vocabulary list)
- Know that we grow from baby to adult
- Know who to talk to if they are feeling worried
- Know that sharing how they feel can help solve a worry
- Know that remembering happy times can help us move on

- Can identify how they have changed from a baby
- Can say what might change for them they get older
- Recognise that changing class can illicit happy and/or sad emotions
- Can say how they feel about changing class/ growing up
- Can identify positive memories from the past year in school/ home

- Which parts of your body do you know the same of?
- Who can you talk to if you ever feel worried or frightened? (at school / at home)
- Can you tell me about a time when you felt really happy?

Children are encouraged to think about how they have changed from being a baby and what may change for them in the future. They consolidate the names and functions of some of the main parts of the body and discuss how these have changed. They learn that our bodies change as we get older in lots of different ways. Children understand that change can bring about positive and negative feelings, and that sharing these can help. They also consider the role that memories can have in managing change.

Key Vocabulary (possible vocabulary that may come up during teaching, vocabulary not to be taught discreetly)

Eye, Foot, Eyebrow, Forehead, Ear, Mouth, Arm, Leg, Chest, Knee, Nose, Tongue, Finger, Toe, Stomach, Hand, Baby, Grown-up, Adult, Change, Worry, Excited, Memories.

Ages 5-6 (Year 1)	<ul style="list-style-type: none"> • Know that animals including humans have a life cycle • Know that changes happen when we grow up • Know that people grow up at different rates and that is normal • Know the names of male and female private body parts • Know that there are correct names for private body parts and nicknames, and when to use them • Know which parts of the body are private and that they belong to that person and that nobody has the right to hurt these • Know who to ask for help if they are worried or frightened • Know that learning brings about change 	<ul style="list-style-type: none"> • Understand and accepts that change is a natural part of getting older • Can identify some things that have changed and some things that have stayed the same since being a baby (including the body) • Can express why they enjoy learning • Can suggest ways to manage change e.g. moving to a new class 	<ul style="list-style-type: none"> • What is a life cycle? • How will you change as you grow up? • Who is the tallest / smallest in your class? • Which parts of your body are private? • Who is allowed to see your private body parts? • What should you do if you don't like the way someone is touching you? • Who can you talk to if you ever feel worried or frightened? (at school / at home) • What is the best part about being your age?
<p>Children are introduced to life cycles e.g. that of a frog and identify the different stages. They compare this with a human life cycle and look at simple changes from baby to adult e.g. getting taller, learning to walk etc. They discuss how they have changed so far and that people grow up at different rates. As part of a school's safeguarding duty, pupils are taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicles, vulva). They are also taught that nobody has the right to hurt these parts of the body. Change is discussed as a natural and normal part of getting older which can bring about happy and sad feelings. Children practise a range of skills to help manage their feelings and learn how to access help if they are worried about change, or if someone is hurting them.</p>

(at school / at home) • What is your favourite part of Jigsaw lessons?

In this Puzzle children look at different life cycles in nature including that of humans. They reflect on the changes that occur (not including puberty) between baby, toddler, child, teenager, adult and old -age. Within this, children also discuss how independence, freedoms and responsibility can increase with age. As part of a school's safeguarding duty, pupils are re-taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicle, vulva). They are also reminded that nobody has the right to hurt these parts of the body, including a lesson on inappropriate touch and assertiveness. Children practise a range of strategies for managing feelings and emotions. They are also taught where they can get help if worried or frightened. Change is taught as a natural and normal part of growing up and the range of emotions

that can occur with change are explored and discussed.

How do you feel about these changes? • Do you have any questions about the changes that are going to happen to you as you grow up?
<p>This Puzzle (Puzzle) begins with an exploration about babies and what they need to grow and develop including parenting. Children learn that it is usually the female that carries the baby in nature. In year 4 This leads onto lessons where puberty is introduced. Children first look at the outside body changes in males and females. They learn that puberty is a natural part of growing up and that it is a process for getting their bodies ready to make a baby when grown-up. Inside body changes are also taught. Children learn that females have eggs (ova) in their ovaries and these are released monthly. If unfertilised by a male's sperm it passes out of the body as a period. Children discuss how they feel about puberty and growing up and there are opportunities for them to seek reassurance if anything is worrying them.</p>

<p>In this Puzzle bodily changes at puberty are revisited with some additional vocabulary, particularly around menstruation. Sanitary health is taught, including introducing pupils to different sanitary and personal hygiene products. The unit (Puzzle) ends by looking at the feelings associated with change and how to manage these. Children are introduced to Jigsaw's Circle of change model as a strategy for managing future changes.</p>

<p>In this Puzzle the children revisit self-esteem and self/body-image. They learn that we all have perceptions about ourselves and others, and these may be right or wrong. They also reflect on how social media and the media can promote unhelpful comparison and how to manage this. Puberty is revisited with further detail explaining bodily changes in males and females. Children look at what becoming a teenager means for them with an increase in freedom, rights and responsibilities. They also look at the perceptions that surround teenagers and reflect whether they are always accurate e.g. teenagers are always moody; all teenagers have a boyfriend/girlfriend etc.</p>

- How does Jigsaw Jenie or Jigsaw Jerrie Cat help you stay calm?

Children are introduced to the key relationships in their lives. They learn about families and the different roles people can have in a family. They explore the friendships they have and what makes a good friend. They are introduced to simple strategies they can use to mend friendships. The children also learn about Jigsaw's Calm Me and how they can use this when feeling upset or angry.

<p>Children's breadth of relationships is widened to include people they may find in their school community. They consider their own significant relationships (family, friends and school community) and why these are special and important. As part of the learning on healthy and safe relationships, children learn that touch can be used in kind and unkind ways. This supports later work on safeguarding. Pupils also consider their own personal attributes as a friend, family member and as part of a community, and are encouraged to celebrate these.</p>

Learning about family relationships widens to include roles and responsibilities in a family and the importance of co-operation, appreciation and trust. Friendships are also revisited with a focus on falling out and mending friendships. This becomes more formalised and the children learn and practise two different strategies for conflict resolution (Solve-it-together and Mending Friendships). Children consider the importance of trust in relationships and what this feels like. They also learn about two types of secret, and why 'worry secrets' should always be shared with a trusted adult. Children reflect upon different types of physical contact in relationships, which are acceptable and which ones are not. They practise strategies for being assertive when someone is hurting them or being unkind. The children also discuss people who can help them if they are worried or scared.

<p>Ages 7-8</p>	<ul style="list-style-type: none"> • Know that different family members carry out different roles or have different responsibilities within the family • Know that gender stereotypes can be unfair e.g. Mum is always the carer, Dad always goes to work etc • Know some of the skills of friendship, e.g. taking turns, being a good listener • Know some strategies for keeping themselves safe online • Know how some of the actions and work of people around the world help and influence my life • Know that they and all children have rights (UNCRC) • Know the lives of children around the world can be different from their own 	<ul style="list-style-type: none"> • Can identify the responsibilities they have within their family • Can use Solve-it-together in a conflict scenario and find a win-win outcome • Know how to access help if they are concerned about anything on social media or the internet • Can empathise with people from other countries who may not have a fair job/ less fortunate • Understand that they are connected to the global community in many different ways • Can identify similarities in children's rights around the world • Can identify their own wants and needs and how these may be similar or different from other children in school and the global community 	<ul style="list-style-type: none"> • What jobs do I / mummy / daddy do around the house? • What makes a good friend? • Can you tell me about a time when you were really good at sharing / taking turns / listening? • How can you stay safe online? What should our rules be? • What would you do if you saw or heard something online that made you feel worried? • What rights do children have? • How could we use the Solve-it-together technique at home?
<p>In this Puzzle children revisit family relationships and identify the different expectations and roles that exist within the family home. They identify why stereotypes can be unfair and may not be accurate e.g. Mum is the carer, Dad goes to work. They also look at careers and why stereotypes can be unfair in this context. They learn that families should be founded on love, respect, appreciation, trust and cooperation. Children are reminded about the solve-it- together technique for negotiating conflict situations and the concept of a win-win outcome is introduced.</p>			

Online relationships through gaming and Apps is explored and children are introduced to some rules for staying safe online. Children also learn that they are part of a global community and they are connected to others they don't know in many ways e.g. through global trade. They investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.

Did it affect how you behaved? • Can we tell each other about the people we love? • Do you miss seeing anyone? • Who could we make a memory box for? • Have you ever fallen out with any of your friends? What happened? How did you resolve it? • Do you have any friends that you fall out with a lot? • How does Jigsaw Jaz help you learn about friendships? • Does Calm Me time help you stay calm?
<p>Learning in this year group starts focussing on the emotional aspects of relationships and friendships. With this in mind, children explore jealousy and loss/ bereavement. They identify the emotions associated with these relationship changes, the possible reasons for the change and strategies for coping with the change. The children learn that change is a natural in relationships and they will experience (or may have already experienced) some of these changes. Children revisit skills of negotiation particularly to help manage a change in a relationship. They also learn that sometimes it is better if relationships end, especially if they are causing negative feelings or they are unsafe. Children are taught that relationship endings can be amicable.</p>

<p>Children learn about the importance of self-esteem and ways this can be boosted. This is important in an online context as well as off-line, as mental health can be damaged by excessive comparison with others. This leads onto a series of lessons that allow the children to investigate and reflect upon a variety of positive and negative online/ social media contexts including gaming and social networking. They learn about age -limits and also age-appropriateness. Within these lessons, children are taught the SMARRT internet safety rules and they apply these in different situations. Risk, pressure and influences are revisited with a focus on the physical and emotional aspects of identifying when something online or in social media feels uncomfortable or unsafe. Children are taught about grooming and how people online can pretend to be whoever they want. Rights, responsibilities and respect are revisited with an angle on technology use. Screen time is also discussed and children find ways to reduce their own screen time. This Puzzle aims to help children to be more discerning when viewing anything online or on social media.</p>
